

2017 Conference announcement

Farzad Bagherzadeh Kasmani

University of Zabol, Iran

Conference Series organizing **19th World Congress on Toxicology and Pharmacology** which is going to be held in Tokyo, Japan in the month of **August 15-16, 2017** with a theme "*New Methods and Novel Therapeutic Approaches in Pharmacology and Toxicology*"

The aim of Toxicology and Pharmacology Congress 2017 is review the new findings and advancements in the field of Toxicology and Pharmacology. This event will be of special interest to any professional involved in Toxicology and Pharmacology health care domain, care devices, Scientists, Graduates, Post Graduates and PhD Scholars, students, health care professionals of any disciplines.

- It will provide a platform for multidisciplinary exchange of information to accelerate Toxicology and Pharmacology and shed light on the significant scientific discoveries in all aspects of Toxicology and Pharmacology.
- This field has a vast scope and its advancements make doctors to learn more about different aspects in this field with different specialization.
- Tokyo is a beautiful and a vibrant city with many tourist attraction places and it's a best place to explore.
- Not deciding the exact venue till the last date is the major disadvantage.

Conference Series organizes the 19th World Congress on Toxicology and Pharmacology (Toxicology and Pharmacology Congress 2017) which focuses mainly on the present health scenario of neonates and their developmental conditions. Toxicology and Pharmacology Congress 2020 will be to review the new findings and advancements in the field of Toxicology and Pharmacology. Toxicology and Pharmacology Congress 2017 will be organized with the theme "Emerging new trends in the field of Toxicology and Pharmacology" on August 15-16, 2017 at Tokyo, Japan.

The conference focuses on the latest trends and advancements in treatment and care of neonates related to their health in different Toxicology and Pharmacology fields.

The conference attendees will get fascinated with special events and speeches from the experts in various fields of Toxicology and Pharmacology and get an opportunity to gain knowledge with regard to the current emerging trends in this field. It will provide a platform for multidisciplinary exchange of information to accelerate Toxicology and Pharmacology disorders and shed light on the significant scientific discoveries in all aspects of Toxicology and Pharmacology Health Care. Above all, it will be a meeting place to network and meet like-minded people in the field of Toxicology and Pharmacology, Adolescent Medicine, Health Care and Research.

Toxicology and Pharmacology Congress 2017 will provide an opportunity to young researchers through the initiatives like Young Research Forum, Poster Presentation and Scientific Meetings.

All papers to be presented in Toxicology and Pharmacology Congress 2020 will be published in Toxicology: Open Access Current, Journal of Medical Toxicology and Clinical Forensic Medicine in regard to the topic with Unique DOI provided by Cross ref.

Conference Highlights:

- Toxicology
- Analytical Toxicology
- Genotoxicity
- Pharmacology
- Medical and Clinical Toxicology
- Applied Pharmacology
- Medicine Development and Safety Testing

Acquire Knowledge by attending the speaker session and title Aflatoxin detoxification effect of some medicinal plants at in vitro condition by Farzad Bagherzadeh Kasmani under the session "Toxicology".

Supporting Journals:

- Toxicology: Open Access Current
- Journal of Medical Toxicology and Clinical Forensic Medicine
